(Holding 3+ years of overseas work experience from Germany)

Hello,

I'm 7+ years experienced Full Stack Java Developer and currently working in Redcare Pharmacy (formerly Shop Apotheke Europe). Seek to deliver measurable customer value by following a hypothesis driven development approach. This involves creating and consuming micro-service RESTful APIs and events, that operate at scale, serving 10M+ customers across Europe. I have graduated in Computer Science and Engineering from Anna University Chennai, India and started my career as a Full Stack Developer in Dell International Services.

Technologies currently working on Java 17, Spring Boot, RabbitMQ, Kafka, MongoDB, MySQL, Docker, Kubernetes, and Google Cloud.

Current Project requires a basic understanding of Linux Environment.

Currently used project track tool: Jira

Domain experience: E-commerce, Healthcare and FinTech

Software Development Life Cycle: Agile

If you're interested please go through the attached resume. I would very much like to discuss opportunities with your organization.

Thank you for taking the time to review my resume, I look forward to talking with you.

Sincerely,

PRAKASH VINCENT
